

THREE GAMES AT HOME

Giants to Play Here Wednesday, Thursday and Friday.

RUTLAND FIRST TWO DAYS

Will Cross the Lake Today for Another Try at the New Yorkers This Afternoon—Yesterday's Game Postponed.

The Inter-citys went to Plattsburg to play the New Yorkers this afternoon, and will return Wednesday for three games at home, Wednesday and Thursday with Rutland and Friday with Plattsburg. The game with Plattsburg yesterday had to be postponed because of the weather, and it is probable that there will be two games with that team next Friday. The Inter-citys had a slip-up last week and lost four out of the five games played. With a little luck breaking their way, however, they will regain the lost ground. McMahon will get back into the game this week, and his presence should brace up the batting, which has shown a falling off recently.

The league is closely bunched at the present time, with the Inter-citys leading at .567. Rutland is two games behind with .500. Plattsburg and Burlington are only three games behind with a percentage of .467. The race is the closest the Northern league has ever seen.

BASE BALL NOTES.

Rutland has only one batter in the 300 class, Duff with 301. The team average is .329.

Rutland has released first baseman Ray and taken on a Montreal pitcher by the name of Le Ray.

Umpires like Strong would soon spoil the sport. The game Saturday would have been a good one but for Strong's nasty work. Burlington would probably have won the game without the umpire's assistance—that isn't the point. Strong spoiled the game for the spectators.—Rutland News.

THE PITCHERS' STANDING.

Morey and Coombs are Well Up in the List.

Of the Northern league pitchers, Johnson, of Plattsburg, has won both of his games and has a percentage of 1.000. Minehan and Hafford (George) of Rutland are the next in order, the former with .778 and the latter with .657. Morey and Coombs of the Inter-city are well up with five games won and three lost. Their percentage is .625. The standing is as follows:

	Won.	Lost.	Pct.
Johnson, Plattsburg	2	0	1.000
Minehan, Rutland	2	0	.778
Hafford, Rutland	2	1	.667
Morey, Inter-city	5	3	.625
Coombs, Inter-city	5	3	.625
Vickers, Burlington	9	6	.600
Hildebrand, Plattsburg	7	5	.583
Wiggs, Burlington	5	4	.556
Smith, B.-M., Burlington	3	3	.500
Doecher, Rutland	5	5	.500
Burns, Inter-city	3	4	.429
Washburne, Plattsburg	4	4	.500
Barberick, Plattsburg	2	5	.286
Dolan, Rutland	1	4	.200
Donovan, Burlington	0	4	.000
Cannitz, Rutland	0	3	.000
Warren, Plattsburg	0	2	.000
Varney, Inter-city	0	1	.000

GAMES CALLED OFF.

Boston Americans Play Two Games This Afternoon.

Boston, August 1.—After waiting until nearly the time for the call of the first game of the double-header scheduled for yesterday afternoon, the management of the Boston American league club called both performances with St. Louis off. Today two games will be played, the first starting at two o'clock.

GET A NEW PITCHER.

Boston Americans Secure Barry of the Decatur, Ill., Team.

Decatur, Ill., August 1.—Ed. Barry, pitcher for the Decatur team of the Three I League, has been sold to the Boston American league club. The price paid was \$750.

Barry has won more games in proportion to the number he has pitched than any other pitcher in the league. He came from Freeport, and this is his first season in the league.

LOST 100 BALLS.

Burlington Team Has Hard Time With Small Boys.

It seems this year that a deficit in the funds of the Burlington Baseball Association is likely to be created by the enormous number of balls which have been stolen at Athletic Park during the games. Treasurer McMahon figured up yesterday that just 100 balls which have been batted over the fence have been stolen. Despite all the association's efforts to check the thefts, the balls when they once get over the fence toward the north, never appear again. Each ball is worth \$1, and costs at retail \$1.25. The association buys them for \$12 a dozen. Consequently their loss is \$100. Extra attention will be paid hereafter to policing the space outside the fence where the balls vanish. It has been the custom to let boys who restore these balls into the games, but a lot of them evidently prefer to keep them and sell them for 50 cents each.

LOU DILLON MAY TROT.

Efforts Being Made to Get Great Trotter to Start.

Cleveland, August 1.—Efforts are being made to induce C. K. G. Billings to let Lou Dillon and Major Delmar appear at Readville either in an exhibition single or together. A gentleman of high standing in the New England Trotting Horse Breeders' Association, and also a strong personal friend of the owner of these two speed marvels, is here to urge the claim which the association and the country at large have in asking for their appearance on a track where both gained their greatest laurels.

"Lou Dillon, as the first two-minute trotter, made her record at Readville, and Major Delmar, as a three-year-old, won a stake of \$2,500 in 2:21 1/4, and as a four-year-old he won the Massachusetts stake of \$15,000 in a field of seventeen starters.

Mr. Billings favors Readville as a track to make fast time over.

SARATOGA HANDICAP.

The \$10,000 Event Was Won by Caughnawaga.

Saratoga, N. Y., August 1.—The \$10,000 Saratoga Handicap was won yesterday by Caughnawaga. Waterlight was second, and August Belmont's famous Beldar finished third. The winner was at 6 to 1. Wild Mint, Tanya, Mollie Hunt, Ort Wells, Lord of the Vale and Alan-a-Dale ran.

NO POOL SELLING.

Tom Johnson to Enforce This Rule at Grand Circuit Races.

Cleveland, O., August 1.—There will be no pool selling in the grand circuit races at Glenville this week. Mayor Johnson returned yesterday and issued a statement that the selling of pools would be prohibited. Chief Kohler will be instructed to carry out the will of the mayor.

This decision probably means that there will be no more grand circuit races in Cleveland after the present meeting. Officers of the Cleveland Driving Park company have stated that the track would be abandoned if pool selling were not allowed, claiming that pools were necessary for the support of the track.

Mayor Johnson said: "The track having been closed to pool selling for the past two years, I do not wish to change the order of things. I do not wish to go contrary to the decision of the Ohio legislature. Therefore, I shall prevent the selling of pools."

Chief Kohler announced that he would prevent pool selling. He will personally superintend matters at the track, and will be aided by a large force of uniformed and plain clothes men.

LOSS IS \$500,000.

Bridgeport's Estimate of Damage by Bursting of Reservoir.

Bridgeport, Conn., August 1.—Estimates of the property loss due to the flood caused by the bursting of reservoir dams after Saturday's heavy rain indicate that the total will approach half a million dollars. City property alone suffered probably to the extent of \$100,000, and large manufacturing plants and many stores are heavy losers also. Four of the city bridges over the Pequonnock River were damaged, the abutments of one, the Congress street bridge, being carried away and the bridge put entirely out of commission. Much injury was done also to streets, especially in the hilly sections, where the force of the flood tore up the macadam surface and left it in ridges at the foot of the hills.

Three Killed in Race Riot.

Bluefields, W. Va., August 1.—A riot between Americans and Italians occurred at Gloto, near here yesterday. Three were killed and three injured, some of whom will die.

Saving a Trunk.

A good trunk can be saved many a hard knock, or rather, many a bad one, when going on a long journey by a covering of ordinary manila colored burlap or coffee sacking. Sew it securely with twine, leaving only the handles of the trunk out.

High Hoods.

In 1204 the pointed hoods worn by the ladies often reached four feet above the head, making the lady's face appear about the center of the body.

The Most Healthful Trade.

The best and healthiest trade in the world is that of dynamaking from coal tar. Tar and the smell of it is the best of all tonics and tissue builders. The average life of a tar worker is eighty-six years. The mortality is 80 per cent lower than in any other factory trade.

TWO KILLED, 3 WOUNDED

Were Shot By Yellow Fever Guards

IN QUARANTINE BREAK.

Five Citizens Attempted to Escape Yellow Fever Detention Camp, and Refusing to Stop Were Shot.

Meridian, Miss., August 1.—Five citizens who were held at the yellow fever detention camp near Lumberton attempted to escape yesterday. Refusing to halt on demand they were shot by the yellow fever guards. Two men were killed and three wounded.

Dr. Donald, State health officer of Pattsburg, says that the only case is the original one at Lumberton and the patient is getting well.

FEVER IN NORTH?

Suspicious Cases on Steamer Proteus at New York.

New York, August 1.—Symptoms of fever, the nature of which has not been determined, were discovered yesterday on the steamer Proteus, direct from New Orleans.

Even while the health officials at quarantine were announcing that the steamer from fever-infected New Orleans was free from symptoms, a record which few vessels even from ports where there is no plague have made, the fever was developing in four children.

The five-day limit in which yellow fever cases develop was within three hours of its end when Health Officer Doty announced that the Proteus had no abnormally high temperatures on board. At the end of the time limit another test caused four children to be transferred to Hoffman's island for inspection for the cause of fever which had just appeared. Three adults accompanied them to the detention hospital.

The Proteus then proceeded to her dock with the remaining passengers and members of the crew. Great care was exercised when the steamer sailed from New Orleans. Four passengers were rejected because they came from Italian quarters of the city, and no steerage passengers were allowed on the ship. The crew did not go ashore at all in New Orleans.

CHOLERA RAGES IN MADRAS.

Heavy Mortality Among the Famine Refugees.

Madras, British India, August 1.—A serious epidemic of cholera prevails among the refugees from the famine-stricken districts who have been crowded into the city for weeks past. Numbers of victims have been found dead or dying on the streets. The death rate is 80.7 per thousand.

ARCANUM MOVE.

Supreme Representatives Call for Special Session.

Rome, N. Y., August 1.—Supreme Regent Howard C. Wiggins of Rome, N. Y., announced yesterday that he had received a request from the constitution al number of supreme representatives requiring him to call a special session of the supreme council of the Royal Arcanum.

The constitution requires that a majority of all the representatives of seven or more grand jurisdictions must unite and request the supreme regent, in writing, to call a special session, and, if such request is made, it is then the mandatory duty of the supreme regent to act accordingly.

There are 77 representatives and requests have been received from 39 coming from 10 grand jurisdictions, as follows:

New York, 15; Pennsylvania, 7; Massachusetts, 5; Ohio, 3; Indiana, 2; Georgia, 2; Connecticut, 2; North Carolina, 1; New Jersey, 1; Iowa, 1.

The time and place of holding such special session will be announced as soon as satisfactory arrangements can be made.

ONE OUTLAW CAPTURED.

Dan Brockway Now in Bennington County Jail.

Pawlet, August 1.—One of the tramp outlaws, Dan Brockway, wanted for numerous burglaries in this vicinity, was caught in Tinnmouth by Constable A. C. Mason at the home of his aunt, Mrs. Dunbar.

He and the 17-years-old girl, Mary Lamphere of Dorset are under bail for trial at the December term of Bennington county court and are in Bennington jail for safe keeping.

Red, the other outlaw wanted, is still at large. Brockway and Reed are the two tramps who killed the comrade Arthur H. Ross last Friday night in a fusillade between the three men and the officers who under Deputy Sheriff Harvey Lincoln attempted to take them at their camp in East Rupert.

CROOKS ON THE MOVE.

Leaving Chicago for a More Healthful Climate.

Chicago, August 1.—The "general clean-up" order issued by Chief Collins on Saturday has already resulted in the arrest of twenty men with police records by officers of the central detail. They are charged with vagrancy.

Detectives and policemen have been informed of the desire of the Chief for a round-up of suspicious characters. "We have them jumping hurdles," said Lieut. Andrew Rohan. "Word has been passed down the line that Chicago is indulging in a general house cleaning, and reports are reaching the office from all sections showing that all known crooks are leaving town for a more congenial climate."

DISFIGURED WITH ECZEMA

Under Physicians Five Months. Went from Bad to Worse.

CURED BY CUTICURA

Wonderful Change in One Night. In a Month Face Was Clean as Ever.

"I was troubled with eczema on the face for five months, during which time I was in the care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Cuticura remedies. The first night after I washed my face with Cuticura Soap and used Cuticura Ointment and Cuticura Resolvent it changed wonderfully, and continuing the treatment it removed all scales and scabs. From that day I was able to go out, and in a month my face was as clean as ever."

THE AGONIZING

Itching and Burning of the Skin

As in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worried parents, as in milk crust, teething and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures of the civilized world. Absolutely pure.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of 1-bottle Cuticura Pills, 25c. per box of 100). Ointment, 25c. Soap, 25c. Depot: London, 27 Chancery Lane, E.C. 4, England. Paris, 12 Boulevard de la Paix, 127. Columbia Ave. Potter Drug & Chem. Corp., Sole Importers.

INCOMPETENT, SHE SOLD ESTATE FOR PITTANCE.

Buyer Was a Lawyer, and Compromise Gives Him a Large Part of \$100,000.

New York, August 1.—The claim of John F. Carroll, a lawyer, to a share in the dower of Mrs. Margaret Finlay, in litigation in the New York courts, has been settled. A compromise gives to the young lawyer a large part of \$100,000.

This marks another chapter in the eventful life of a woman who is now thought to be in the workhouse on Blackwell's island, the despair of her relatives and friends, a helpless victim to her craze for intoxicants. Born of a respectable family, well educated, and wedded to a man who at his death is said to have held a responsible position with the Brooklyn Rapid Transit Company, she has divided her time for years in periodical outbreaks and terms of imprisonment.

The woman met Carroll and told him her husband had left a big estate at his death, and that he could have it upon payment of \$50. After Carroll had looked up the matter and paid the \$50, relatives of the woman tried to get the estate.

KEEP UP FIGHT.

Coal Drivers Block the Peace Plans in Chicago.

Chicago, Ill., August 1.—With the capitulation of the striking teamsters nearly complete, and the release from oppression of the long war practically assured for yesterday, a handful of coal teamsters have wrecked the well developed peace plans.

The coal drivers, 350 strong, voted unanimously to continue the strike. As a result the Employers' Association, it is said, may close the doors to thousands of their former employees who were to have been re-engaged. The strike era, with its police-guarded wagons, also will continue indefinitely.

All manner of protests from other teamsters' locals failed to move the coal drivers in their determination.

MUST HAVE PATIENCE.

So Says Minister Barrett in Regard to Canal.

Chicago, Ill., August 1.—John Barrett, minister to Panama until a month ago, and now minister to Colombia, said Sunday that the people of the United States must not be impatient if the progress of the canal is slow. "They must remember that the scene of operations," said he, "is 2,000 miles away from the base of supplies."

Mr. Barrett is en route to the Portland fair. From there he goes to his new post.

"The fight against yellow fever is like a great battle," he said. "Every effort is made to stamp out the disease."

GUARANTEED TO CURE DISEASED KIDNEYS.

The guarantee we give to refund the money to any one using Calceura Solvent without benefit, is something hitherto unheard of in the treatment of serious and dangerous kidney and bladder diseases. Its wonderful power to cure diseases of the kidneys and bladder is the happy result of the efforts of that skilled physician and surgeon, Dr. David Kennedy, to make a medicine that would dissolve and expel from the system stone, gravel and uric acid. In this way, Calceura Solvent not only cures the disease but also removes all irritating causes.

Calceura Solvent has such a peculiarly beneficial effect that it almost invariably cures, and we run little risk in our generous offer. Try the remedy at our expense if it fails; at a small cost to you if it cures. Do not delay. Write The Calceura Co., Kingston, N. Y., for a free treatment bottle.

WILSON'S REMOVAL

Demanded by Cotton Association.

WILSON AT OYSTER BAY.

Discusses With President Roosevelt the Scandal Arising from the Leak in Cotton Reports.

Washington, August 1.—Troublesome times are ahead for Secretary Wilson and the department of agriculture, in spite of the fact that the last few weeks have seen several discharges of officials and those under suspicion of various lapses from official duty. Undoubtedly the activity of the Southern Cotton Association has been responsible for the ridding of the department of Holmes and others engaged in perverting the cotton statistics to their own uses.

Information received here is that the Southern Cotton Association officials are not yet through with their efforts, and are now going after the scalp of Secretary Wilson himself. President Jordan will lay the matter before President Roosevelt, and will request the resignation of Mr. Wilson.

The contention of the officials of the Southern Cotton Association is that Secretary Wilson has proven a stumbling block to the investigation of the charges against the bureau of statistics, and that his action in ridiculing at first the charges against Holmes and in standing by Hyde he has seriously blocked the wheels of reform. Another complaint is based on the fact that the new report on cotton acreage was obtained by using the same reports from the field as those used by Hyde. It will also be urged on the president that the tobacco crop report and the grain reports are unreliable.

DISCUSS COTTON.

Secretary Wilson the Guest of President Roosevelt.

Oyster Bay, L. I., August 1.—Secretary Wilson of the department of agriculture was a luncheon guest of the president yesterday, having come to Oyster Bay by invitation to discuss the recent developments of the cotton report leak scandal, and of the exploitation of nitroculture, which induced the resignation of Dr. George T. Moore. Both of these cases are under investigation by the department of justice.

By direction of the president, the inquiries will be made very thorough, and, if the facts disclosed should warrant it, prosecutions against the offenders will be instituted by Atty. Gen. Moody. Meantime, a rigid inquiry will be made into all other bureaus of the department of agriculture, it being the intention of both the president and Secretary Wilson to purge of any taint

Apitezo gives strength and rosy health

of corruption. With this general inquiry the president is not interfering in any way. Secretary Wilson is directing it.

The secretary has no present idea of resigning, and even if his resignation were tendered, it is probable that the president would decline to accept it.

NOT TO FOLLOW MORTON.

Shaw Denies That He Will Head the New York Trust Company.

Washington, August 1.—Secretary Shaw made the definite statement yesterday afternoon that he will not become the head of a prominent New York financial institution on his retirement from the cabinet.

The statement was prompted by the publication here of a report that he would leave the cabinet in February, and would become the head of a New York trust company. Mr. Shaw would not say when he would leave the cabinet. It is generally believed he will do so by February. His intention is, according to close friends, to return to his home in Iowa and push his presidential campaign actively.

DEFICIT OF \$13,857,866.

Treasury Nearly \$5,000,000 Worse Off Than on July 31, 1904.

Washington, August 1.—The first month of the fiscal year closed yesterday with a deficit of \$13,857,866. This is nearly \$5,000,000 heavier than it was at the close of July last year, being at that time \$8,856,662.

The receipts yesterday were unusually heavy, being \$5,094,957, and this served to cut heavily into the deficit for the month, which, on Saturday, stood at \$16,280,923.74. This month has been marked by heavy expenditures, due to the deferring of payments in June in order to hold down the deficit for the fiscal year ended June 30.

T. McGOVERN ARRESTED.

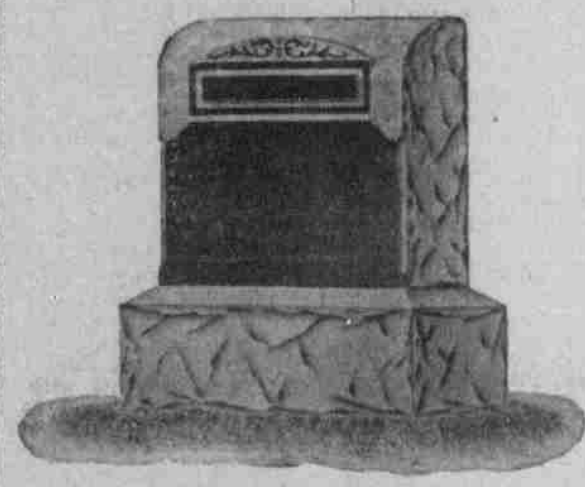

Former Lightweight Champion Charged With Felonious Assault.

New York, August 1.—Terry McGovern, the former champion lightweight prizefighter, was arrested yesterday morning after he had administered a severe beating to William Kemp, of 314 Fourteenth street, is it alleged, and was later locked up in the Fifth avenue police station charged with felonious assault.
